为高分子注入科技  
Bring the high technology to high polymer field

## 专业定位 Professional orientation

一群具有专业和远见的设计者；

*A group of professional and farsighted designers*

一群值得仰慕的塑料自动化的制造者；

*A group of reliable and admirable plastics automation equipment manufacturer*

一群奔向全球品牌技术的引导者。

*A group of seeking for global brand technology guiders*

## 企业同仁 Corporation Staff

互敬互重，共同进步。

*Mutual respect, Progress Together*

希望每位同仁自我期许，发挥尽善尽美之技能，

*Hope every colleague can make a self-expectation,*

共创尼嘉斯之美誉

*do your best to create our NIASI own reputation.*

## 公司理念 Corporation Concept

创 新 -- 以有限空间创新设计，展现无限未来契机

*Innovation-innovative design with limited space, to establish infinite future*

自动化 -- 以省力化的创意，造就投资者的美誉

*Automation-The creativity of saving manpower, achieving investors' reputation*

环保化 -- 以资源再造的概念，守护美丽的家园

*Environment friendly-to reusing and recycling of the source, protecting our shared home*

合理化 -- 以客户主体体验的构思，实现系统流程的赞赏

*Rationalization- Customized conception, realizing system process admiration*

# Partner And Market

## 客户与市场

东莞市尼嘉斯塑胶机械有限公司是一家塑料工艺流程自动化的设计制造者。我们的客户领域主要包括

*DongGuan NIASI Plastics machinery co., ltd is a special plastic industrial processing automation designer&manufacturer. And our main business activities cover the following area:*

1. 塑料化工行业
2. PVC等粉体自动化行业
3. BOPP、BOPET、BOPA行业
4. PET瓶胚、PET、PA仿丝行业
5. 日化、医疗、食品、包装行业
6. PET、PA、PLA、PMMA、PC等片材挤出行业
7. 电线电缆挤出行业
8. 电脑、手机、连接器、太阳能板、液晶显示器等电子行业
9. 光学、导光、镜片行业。

1. Plastic Chemical industry
2. PVC etc. powder automation industry
3. BOPP BOPET BOPA industry
4. PET bottle embryo, PET, PA spinning industry
5. Cosmetic, Health care, Food and Packing industry
6. PET, PA, PLA, PMMA, PC etc. sheet material extrusion industry
7. Wire and Cable extrusion industry
8. PC, mobile, connector, solar panel, LCD etc. electronics industry
9. Optical, light and Lens industry

## 唯有拥有"它"NIASI--更显耀您的尊荣

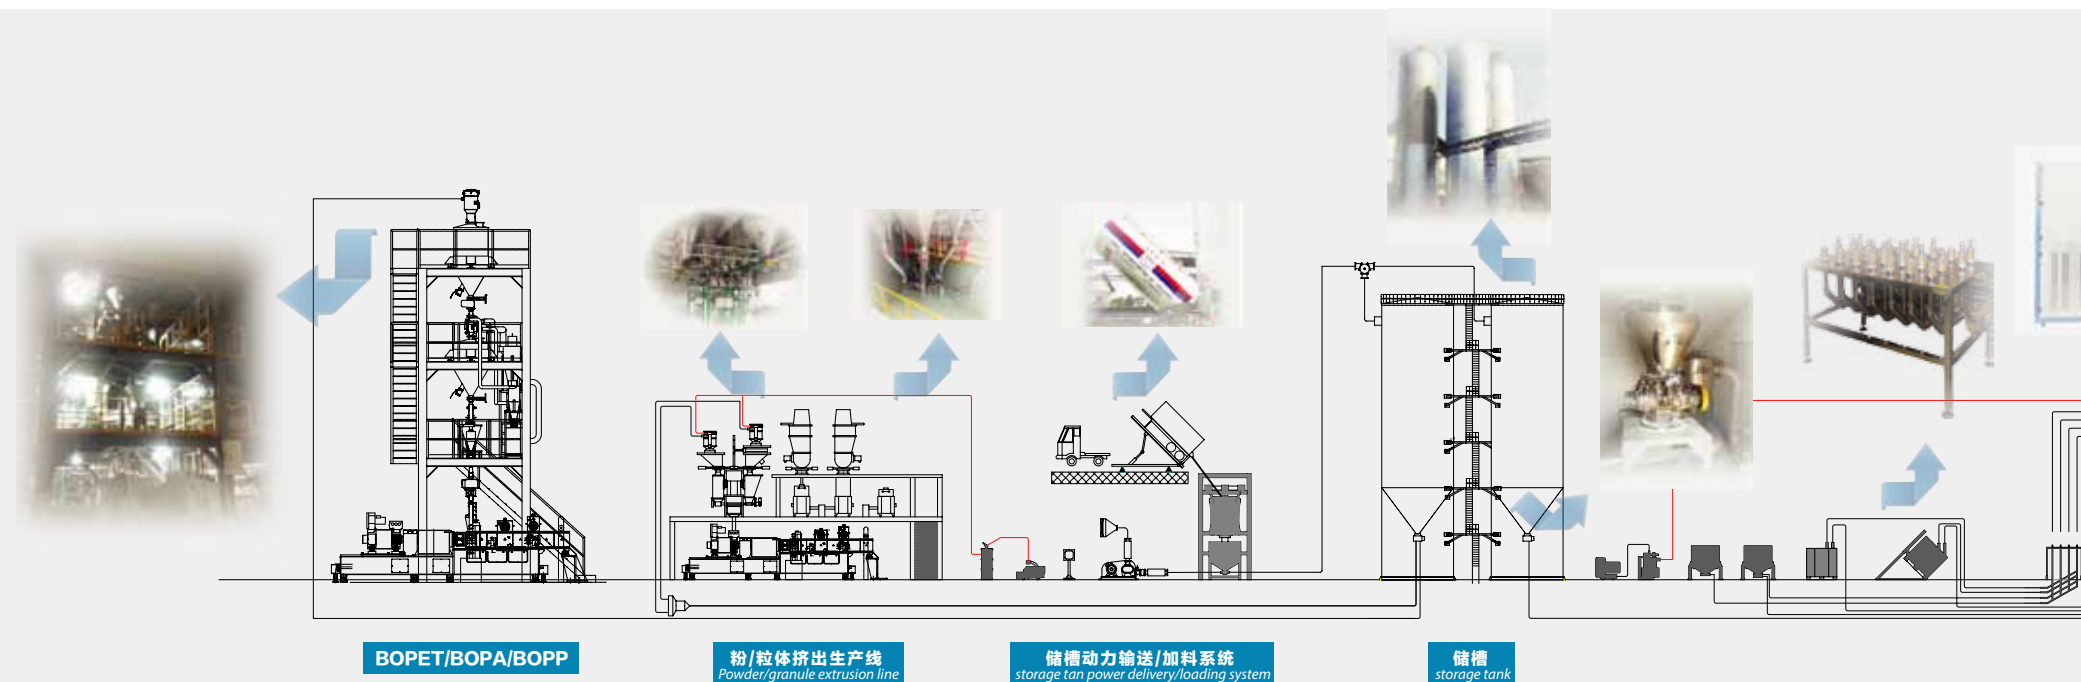

To possess of it-NIASI that would highlight your rank and honor

我们的产品和服务已经远远超越了传统意义上设备供应商。

我们是自动化，合理化，环保化工艺流程的设计者。

Our products and service have greatly make us exceed a traditional equipment supplier.

We are the designer and also the rationalization, environment friendly and automation process guide.

## 当您需要时，我们"触手可及"

尼嘉斯是塑料行业自动化的技术领先者

凭借资深的经验，我们的方案贯穿整个加工链的各个环节。我们致力于为塑料制造、加工以及化工行业开发解决方案。根据您的切实需要，我们将为您量身定制系统方案，帮助您控制 • **成本** • **质量** • **安全**。

## We will be there when you are in need.

We are the advantage supplier in plastic automation industry

With senior experience, our solution covers the entire processing chain.

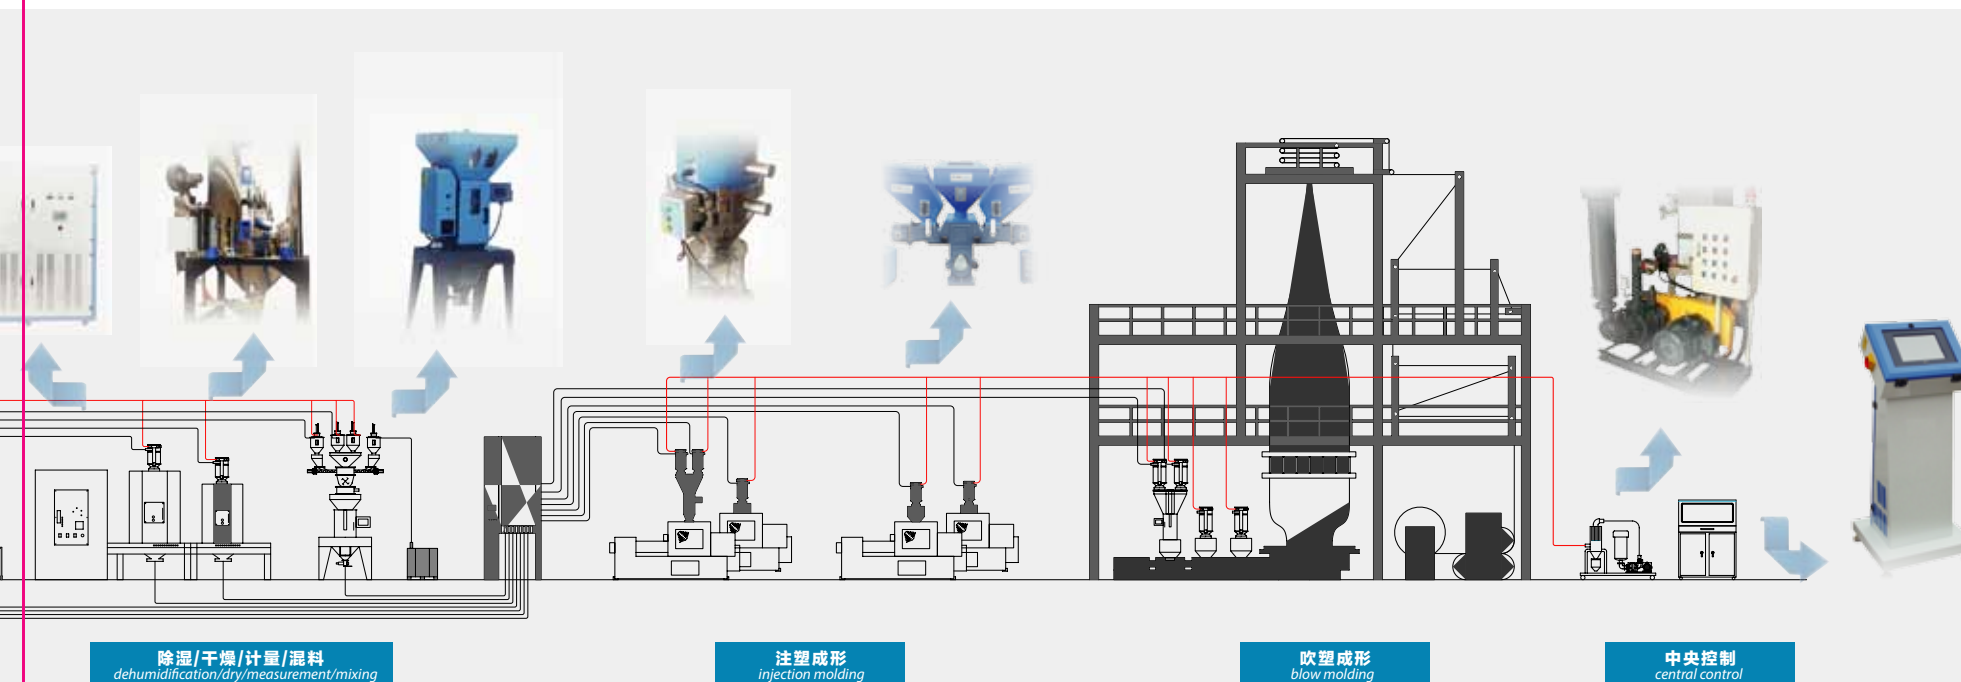

We devote ourselves to develop the best solution for plastic process and chemical industry.

We will make personalized solution for your real need, helping you to improve quality, reduce cost and keep safety

## 值得信赖 Reliable and Trustful

构筑整体系统工程的设计经验，是彼此间信赖及牢固合作关系的基石。

The design experience of construction on entire system engineering is the cornerstone of trust and strong relationship between our partners and us.

## "它"将带给您清净的空间

"NIASI" would bring you a quiet and clean space

## "它"将赋予您灵活的展现

"NIASI" would make you a flexible display

## "它"将引导您形象的创意

"NIASI" would guide you a visual originalit

- 高效的生产流程 *Efficient production process*
- 整洁的生产场地 *Clean production site*
- 灵活的现场管理 *Flexible site management*
- 生产成本大幅降低 *Greatly reduced of production cost*
- 产品品质显著提高 *Highly improved of production quality*
- 公司形象全面提升 *Comprehensive upgrade of corporation imagine*

## 节能管控——改观现状,异军突起的思维

*Energy saving control-Thought of continually improve the current level with anyway can be adopted.*

## 专业团队是您的考量 成本 · 质量 · 安全

*Professional team is your considerations-cost, quality and safety*

累积专业制造经验--25年塑厂整套流程设备

整体规划超强实力--南亚、台塑、等中华各大塑业集团（23年佳绩）

行遍东南亚各大集团--现场施作10T--2000T储槽

塑料专业流程经历 -- 与日本、德国、美国挤出成型设计配套

Accumulated professional experience in manufacturing - 25 years of offering complete set of equipment for plastic process plant

Super strength of overall planning - South Asia, Formosa plastics, etc. The Chinese big plastic company groups (23 years good grade)

All across southeast Asia companies - applied field for 10 t - 2000 t storage tank

Plastic professional process experience- Combine with design of Japan, Germany, US extrusion molding machine.
